

參展學校介紹

美國 Landmark 基督教學校

Virtual Lincoln American Education Fair in Taiwan

School Information :

Towards ensuring a thriving international student program, we make our support of our international students a priority of our school. Our program is a homestay program and we have a dedicated homestay coordinator who conducts weekly home visits and communicates regularly with host families; we have a dedicated on-staff translators for French, German, Spanish, Chinese to aid in the communication with the student's families back home; we have a monthly social event for the international students, school staff, and host families to form meaningful relationships; additionally, we employ an EL support teacher to be available the entire school day to the international students as a place of tutoring, retreat, questions, and academic monitoring. This teacher all hosts regular TOEFL, ACT, and SAT prep courses for our students. Additionally, as a part of the international student program, our students have access to specialized subject area tutoring in their school curriculum at our larger school Learning Center.

Our arts and athletics are accessible to international students, allowing them to experience a fully well-rounded high school experience. They join clubs and the smaller student body allows them to integrate well and socialize with their American peers, a true immersion in American culture.

Our academics are sound; our math scores among the best in the country, our AP and dual-enrollment offerings allowing students to enter their colleges as sophomores with a 100% college matriculation rate. Our student to teacher ratio is 7:1 and our classroom targets are 16-18 in size, capped at 18.

School Distinctions

Our school has a unique academy program: situated in the city of Coca-Cola, Home Depot, Chick-fil-A, and other corporate headquarters, we have unique opportunities for our leadership academies to learn from the best leaders and entrepreneurs in the nation. Just miles from Pinewood Studios where all Marvel movies are filmed, our film students have opportunities for rich field trips and potential internships in a real-world setting. In our scholars program, our seniors can take a year-long independent study where they are coached by two teachers towards the research and hopeful publishing on a topic. Our Music Academy services students who, by audition, are recognized with songwriting and production aptitude and trained by the best in the business to prepare for the music industry as well as baccalaureate music study. Our engineering program is a robust MS and HS program with two maker spaces and taught by exceptional faculty. Additionally, our aviation program is a favorite as many families who work in the airline industry have their students attending Landmark.

Introduction of the school

Landmark Christian School is a K-12 independent school located in the south metro area of Atlanta, GA. We have a little over 900 students with a high school student body under 400. We have an emphasis on academic rigor, value of the student, personalized learning, and a family environment. We have a small international student program that will remain under 5% of the overall student population, adding diversity and a global perspective to our entire student body. We are known for our solid academics as well as our aviation, music production, fashion design, engineering, and leadership academies.

Introduction of Winter/Summer Camp

Every summer we offer athletic and academy classes for students looking to immerse themselves in an American experience. The classes begin the third week of June and end the third week of July.

Introduction of special shorter program

Learn about Landmark Christian School, a nurturing school environment with high academic expectations, unparalleled support, and unique elective offerings to develop the passions and interests of every child!
