緬因中央學院 Maine Central Institute

Virtual Lincoln American Education Fair in Taiwan

Introduction of the school

Maine Central Institute is an independent college preparatory day and boarding school founded in 1866. Maine Central Institute is located in a safe and scenic New England town approximately 40 minutes from Augusta (Capital City) and 3 hours from Boston, Massachusetts and Logan International Airport. MCI engages a multicultural student body with diverse abilities and interests in a rigorous and comprehensive college and career preparatory experience. In a safe and nurturing environment, students develop self-esteem, academic skills, and social responsibility to be thoughtful global citizens and lifelong learners.

There are 19 buildings housed on the 23-acre campus. Visitors are greeted upon entrance with the stoic simplicity of the campus with its brick-front buildings and the historic bell tower of Founder's Hall.

Maine Central Institute's sports facilities include two gymnasiums with modern basketball courts and weightlifting equipment, football, soccer, field hockey, lacrosse, softball, and baseball fields, golf course, an outdoor track, a rifle range and 4 tennis courts. Nearby ski facilities are used for skiing competitions. An indoor track, swimming and diving pool are all located within a short driving distance from campus.

Boarding students reside in 3 single-sex residence halls on campus, supervised by resident faculty and staff members. Each dormitory is outfitted with Wi-Fi, kitchenettes, washing machines, dryers, modern bathrooms, and a lounge area with a big screen TV. Rooms include a bed, desk, wardrobe, dresser, bookshelf, and chair for each student.

Pittsfield is a friendly, close-knit community which is nestled in between the Atlantic Ocean and the mountains of western Maine. It provides prime

opportunities for hiking, skiing, biking, fishing, swimming, skating, and snowmobiling. The campus is within walking distance of local eateries, library, regional airport, recreational parks, shopping, hiking trails, and a movie theater. Students are involved with many community and volunteer causes throughout the year.

- Bossov Ballet (6 weeks)
- Summer Experiential & Service Learning (3 weeks)
- Summer STEM Camp (5 weeks)
- Football Camp (1 week)
- Basketball Camp (1 week)
- Summer Language Immersion (1 week)
- SAT & TOEFL Prep Camp (2 weeks)

Introduction of special shorter program

Flight School (Aviation Program)

MCI is excited to partner with Central Maine Aviation and Curtis Air at the Pittsfield Municipal Airport to help our students access the exciting world of aviation.

Working with an MCI teacher-guide, students earn a science credit upon completion of the course. In the second semester, students enroll in a course offered by the **University of Maine at Augusta (UMA)**, where they earn a physics credit from MCI as well as three college credit hours from UMA.

Upon completion of this course, students who are at least 16 years of age have the option to begin flight training at the Pittsfield Municipal Airport, which is close to the MCI campus. Students in grade 11 can begin training during the summer or they can complete this course in the first term of grade 12. Students who do not wish to participate in flight training can continue their studies with a semester course from Aerorscholars.com during their grade 12 year.

Bossov Ballet Theater

Bossov Ballet Theatre offers MCI students a unique opportunity to study classical ballet as part of the academic curriculum. Ballet classes are taught by Natalya Nikolaevna Getman, a former dancer with the Moscow Ballet. The program allows students to earn full academic credit for ballet training. Students who complete the program are uniquely positioned either to matriculate to an outstanding college or join a professional ballet company.
