美國 Menaul 中學

Virtual Lincoln American Education Fair in Taiwan

Introduction of the school

[Menaul School](#) is a college preparatory day and boarding school (grades 6-12) in [Albuquerque, New Mexico](#), USA, founded by a Presbyterian minister in 1896 with a long history of welcoming international students from around the world. Menaul provides the foundation for life-long learning and ethical leadership and prepares students – in mind, body, and spirit – to be **World Smart** and serve as responsible global citizens.

Situated on 32 acres, the tree shaded campus provides a quiet, college-like environment. Menaul School has 12 buildings, two gyms, soccer and football fields on campus. The school provides a variety of extracurricular activities, music, drama, fine arts, athletics, after school clubs and weekend activities for students. Dedicated dorm parents supervise boarding students.

While at Menaul School, students can earn AP and dual credits (high school and college level), participate in short-term global exchanges, and prepare for their future.

Menaul School offers a welcoming environment where international students can fully prepare for the university of their choice. With a total student body of 200, students at Menaul receive individualized attention with a 7:1 student to teacher ratio and average class sizes of 12-15. Our students have been accepted to world-class universities, including Harvard, Brown, St. Andrews, King's College London, and New York University.

It is also important to note that students who graduate with a diploma from Menaul School receive **resident/local/in-state tuition** at public universities in New Mexico (*which can represent tuition savings of thousands of dollars per year*). In addition, they are eligible for other competitive scholarships based on academic performance. The three most common choices for universities within New Mexico include the [University of New Mexico](#), [New Mexico State University](#), and [New Mexico Tech](#) (focuses on science and engineering).

Introduction of special short program

Intensive English Program

Menaul School has partnered with the University of New Mexico and their Center for English Language and American Culture to offer an intensive English language program for students (ages 14-18) to develop their skills and successfully prepare them for academic studies in the United States and other English speaking countries. While in this program, students live on Menaul's campus, participate in extracurricular activities and excursions, join the community, and build friendships with peers and classmates their age. Upon successful completion of the CELAC program (8 and 16 week options), students enter Menaul High School's full academic curriculum and graduate with their high school diploma, which will prepare them to succeed in their university studies and beyond.

Germany Exchange Program

Menaul School has a bi-lateral exchange program with Löwenrot Gymnasium in Baden-Württemberg, Germany. Each year in April, a group of Löwenrot students travels to Albuquerque, attends classes at Menaul School, stays with host families, and visits important cultural sites in New Mexico. Then, in the summer, a group of Menaul Students travels to St. Leon-Rot (near Heidelberg) to experience German customs and culture first-hand, staying

with local hosts, visiting world-famous castles and monuments, and taking intro to German language. Löwenrot Gymnasium has beautiful, modern facilities, a wide selection of course offerings, and friendly teachers and students

Global Youth Forum

Menaul School partners with People to People International (PTPI) each year on the Global Youth Forum, which brings delegates ages 13-18 from around the world to discuss important international topics, offering students leadership development and exposure to diverse ideas, cultures, and people.
