Introduction of the school (max 20 lines in English/ 30 lines in Chinese)

The University of Maine is a public research university in the Northeast of the United States that offers excellent academic and research opportunities on a safe and welcoming campus.

UMaine, home to more than 11,000 undergraduate, graduate and doctoral students, combines the opportunities of a large institution with the safety and friendliness of a small campus.

The University of Maine offers 15 different degrees in Engineering and Engineering Technology, including Mechanical, Chemical and Electrical. UMaine also has an AACSB accredited Business School that offers a variety of business majors and an MBA. UMaine has more than 200 undergraduate and graduate programs, including Computer Science, Biology, Economics, Nursing and more.

We welcome students from across the world, and prepare them for careers around the globe. Our alumni include best-selling authors like Stephen King, NASA researchers, IT innovators, engineers, filmmakers and more. We invite you to join this talented community.
